This is a great program for boys and girls who want to learn volleyball with fun and enjoyment being the focal point. This type of volleyball incorporates team play with motor learning and skill development with 20 total hours of training over a 10 week course. The starting date will be January 10, 2010.

This program will include: Lighter ball for younger participants, Skill development, Group Performance, Over net and multiple contact emphasis, Focus on Passing, Serving and Attacking, AND much more!!!

REGISTRATION

Interested families can sign up online for the Developmental Programs at www.signuptoplay.com. There are detailed instructions on how to use this program on the website. You will be able to create an account (or locate a previously created one) and enter all the necessary information for your son or daughter. For some of the younger-aged children the site will ask for a credit card number to verify that the person signing someone up is over the age of 18. Once an account is created it will be possible to search for the WVA programs through the "Find a Tryout Link". Select Wisconsin and then our club and you will see the two offered programs.

At the first date of practice players will be required to bring a completed 2010 USA Volleyball Member form and a 2010 Medical Release Form along with payment for the program. These can be printed from SignUpToPlay or the www.wivolleyballacademy.com website. No players will be able to begin training without appropriately completed paperwork.
